

TOP CARE

MAINTENANCE CREAM FOR TOPS

DESCRIPTION:

TOP CARE is a maintenance cream for tops enhancing the brightness of the treated material. Its formulation sticks hard to the surface offering a high degree of resistance to water and to halos, thus making cleaning easier.

The product has been formulated to keep tops at their maximum splendour, as it avoids the formation of limescale halos.

ADVANTAGES:

- Brightness enhancer
- Water-repellent
- Makes maintenance much easier

WHERE TO APPLY:

For interiors and exteriors: tops made in marble, granite and quartz.

COVERAGE: 15-20 sq.m/Lt.

CAN BE APPLIED WITH:

USE:

The product has to be applied undiluted.

MANUAL APPLICATION

Apply a thin even layer of product to the clean and dry surface.

Wait until a part of the solvent has been evaporated, then polish with an orbital wheel and white pad, cloth or brush, making rotatory movements.

Allow the product to dry for 1 hour at least.
